## God at Work

Real life change and the process of discipleship take time. There are no short cuts as God forms our character. Think of the journey God has brought you through. Have you seen the hand print of God working through your lifetime? Did you have other Christians in your life who have helped you grow? Thank you for your journey with us, and your investment in the lives of these kids.

Your partnership in reaching Covenant Youth in Alaska is significant. You are helping kids who have very few spiritual growth options. We are working hard (as a result of your help) to provide opportunities for students to grow spiritually in many different places throughout Alaska. Whether its Bible camp, a regional youth retreat, college campus ministry, or one on one mentor/discipleship relationships, we are seeing God at work through the journey of these discipleship relationships.

Thank you so much for your prayer and support of impacting lives for Jesus. Investing in the work of Christ is always worth it!

## Job Corp Ministry Update: Nick Bruckner

Peter Bradley, Thomas Alakayak, Nick Bruckner

Job Corps is a residential vocational training school. Over 70% of the students at Alaska Job Corps in Palmer come from Rural Alaska. After years of prayer, the Lord has finally swung the door wide open for ministry at this school. In the past month, Mary Rapp, Nikki Dill, and Nick Bruckner have been meeting with students to pray, enjoy traditional Native food and spend time in scripture every Monday night. The group has a solid core of students who have started coming to church and the group is growing! Please keep this ministry in your prayers.

### Ministry Needs:

#### Leaders for Life: \$350

This will provide funding for committed student leaders to attend the Leaders for Life training week at the end of each year. We hope to build up indigenous Alaska church leaders, which is the ultimate goal for CYAK.

#### Youth Worker Training: \$250

This will scholarship one youth worker volunteer to attend the regional training event.
